Computer Equipment/Accessories - The J.J. Pickle Research Campus Conference Center **does not have** computers, monitors, peripheral equipment, extension cords, or surge protectors available on-site for rental. Please plan to bring these items if you require them. Please contact Randy Rushin if you need help location local sources.

The Commons at the J.J. Pickle Research Campus does have a copy center located on its premises. You may arrange with them directly for photocopying.

General Exhibit Information

The J.J. Pickle Research Campus Conference Center offers well-designed meeting rooms in various formats, convenient parking, experienced staff, and pleasant surroundings. However, it is not a full-service trade-show type location. Our experience suggests the best solution is to focus on the service/products each exhibitor offers and to keep exhibit space relatively simple. Artificial back walls, table skirting, area rugs, drayage, pipe-and drape services, and special furniture are not available at this location. Exhibit spaces arrangement is throughout the atrium as the configuration of the building allows rather than arranged in a rigid side-by-side tradeshow style. Each exhibit space will include a 5- foot table with a floor length tablecloth and two chairs. The approximate floor space of a single area is 8' wide by 8' deep. Exhibit locations are on First paid responses; first served. Space is limited first paid first served basis Please indicate your top three locations on the registration form.

Exhibitor set-up is from 9:00 until 11:30 AM on Wednesday, September 13, 2006. Break-down may begin on Thursday after 4:00 PM and must be accomplished by Noon on Friday.

First paid responses are the first served. Space is limited.

For any question about exhibitions at the TWMC, please contact Randy Rushin at 903-439-4741 or randy@water-monitor.com.

For questions about the Congress activities please contact Robert Bradley at 512-936-0870 or Robert.bradley@twdb.state.tx.us.
